FRAME FINISH

- Melamine Laminate Range ALGAFLEX®.
- Laminate range PRINT colours ALGAFLEX®.
- Oberflex range ALGAFLEX®.
- Laminate all brands

Thanks to its structure, with fully concealed edges and crosspieces, STYLIST is the movable walls option with particular emphasis on aesthetics.

It is adaptable and blends in with the surroundings. This is particularly appreciated wherever refinement and simplicity are desired: senior management offices, reception areas, conference rooms, etc. Pure restraint.

	Panel width	to your specifications depending on the finish
	Average weight *	PS 40 Kg /m ²
	Max height	12 000 mm
	Transmission loss	Rw 50-54-55 dB / Ra 46-52-53 dB
	Thickness	119 mm
	Reaction to fire	Partition combination in accordance with article AM14

* Average weight for a single 3,000 x 1,200 mm panel
 ** Depending on the specifics of the project, the design office will provide the Corrected value
